

CLASS-IX
MID TERM EXAMINATION (2023-24)
ENGLISH LANGUAGE AND LITERATURE
SET B1

Time allowed: 3 Hrs.

Maximum Marks: 80

General Instructions:

- 15-minute prior reading time allotted for Q-paper reading.
- The Question Paper contains **THREE** sections-**READING, GRAMMAR & WRITING and LITERATURE.**
- Attempt questions based on specific instructions for each part.

Section A: READING SKILLS

20 Marks

I. Read the passage given below.

10

1. The modern classroom has taken several steps forward in its evolution of the learning environment in the past 25 years. Many of the benefits that we have seen in this setting are due to the introduction of new technology options for students. Instead of having a single computer for a class to use or a laboratory environment for the entire school placed in one room, we can now help students learn at their table or desk with items issued to them directly. Thus, there are quite a lot of advantages to having technology in classrooms.
2. Technology helps children to stay motivated during the learning process. Most students don't like to go to school if they feel like they are wasting their time. When there is technology allowed in the classroom, then teachers have an opportunity to let children work at a pace which suits them the best without disturbing others. They can look up additional information about a subject they are learning about that day, play educational games that reinforce the lesson, or work on advanced material using a program.
3. As many of today's technology options allow students to see how well they are doing compared to the average of all users, it gives them a chance to push harder for themselves and their education. Many of the programs that encourage learning also issue rewards or award certificates, which helps to make the lessons fun as well.
4. Technology encourages more communication between teachers and parents. When there is technology in the classroom, then there are more opportunities for parents and teachers to connect with each other. Using a blog for the classroom can help parents get to see what their children are learning each day. Apps and software options allow teachers to instantly report on a child's behaviour to let parents know in real-time what is happening throughout the day. There are options for chat boxes, instant messaging, and other forms of communication as well.
5. Technology also creates new ways to learn for today's student. There are three critical forms of intelligence that we see in children today: emotional, creative, and instructional. The traditional classroom environment, which typically encourages lecture-based lessons, focuses more on the latter option. Standardized tests and similar ranking tools do the same. When children have access to technology today, then those who excel outside of the standard learning setup can still achieve their full potential.
6. Technology allows children to embrace their curiosity in multiple ways. They can try new things without embarrassment because their tech access gives them a level of anonymity. This process allows children to work, through trial-and error if they wish, to see if a different strategy helps them to learn more effectively.

Based on your understanding of the passage, answer the questions given below.

- i. According to the passage, most children don't like to go to school if _____: **1**
A. They don't feel valued.
B. They feel like they are wasting their time.
C. They are unable to wake up on time.
D. They can get away with it.
- ii. Mention two advantages of having a technology that allows students to see how well they are doing compared to the average of all users. **2**
- iii. Choose the most appropriate option to fill in the blank: **1**
Technology allows children to embrace their _____ in multiple ways.
A. intelligence
B. hard work
C. curiosity
D. passion
- iv. State whether the following statement is **TRUE or FALSE**. **1**
Technology creates new ways to learn for today's students.
- v. Based on your reading of the text, examine in about 40 words how technology helps children to stay motivated during the learning process. **2**
- vi. The three critical forms of intelligence that we see in children today are (Choose the correct option) **1**
I. motivational
II. Creative
III. Instructional
IV. Competitive
V. emotional

A. I, II and III
B. II, III and IV
C. II, III and V
D. I, IV and V
- vii. Find a word from paragraph 5 which means same as 'capability'. **1**
- viii. State one method through which technology encourages more communication between teachers and parents. **1**

II. Read the passage given below.

10

1. People in only 12 out of 35 States (Figures are for undivided Andhra Pradesh) and Union Territories had overwhelmingly chosen Hindi as the first choice for communication. Among the rest, while a few chose Hindi as their second or third language of communication, a majority of them chose English, according to the results of the 2011 Language Census released in 2018. About 43.63% of the total population said their mother tongue was Hindi.
2. The 2011 Census data shows that most Indian States, apart from a handful of States in northern and central India, do not primarily speak Hindi but have adopted the language as a secondary language. Most southern and north-eastern States are not Hindi-speaking and have adopted English as their secondary language. The study recommendations for tourism planners included the need to concentrate on some key areas like enhancement of tourist facilities, tourism financing, focus on community involvement and others for the formulation of a sustainable tourism strategy in the North-East States of India. The given map shows the

State-wise percentage of people who stated that Hindi was their first, second, or third choice of language. Most of the 12 States and Union Territories that chose Hindi as their first choice were located in northern and central India – over 96% of the population in Uttar Pradesh, Delhi, Uttarakhand, and Himachal Pradesh speak Hindi.

3. The share of Hindi-speaking people in Gujarat is significantly lower than most States. The southern and north- eastern states, apart from Arunachal Pradesh and Sikkim, have the lowest proportion of Hindi-speaking population among all states.

Based on your understanding of the passage, answer the questions given below.

- i. Which states have adopted English as their secondary language of communication?

1

- I. Southern states of India
- II. Northern states of India
- III. North-Eastern states of India
- IV. Central states of India

- A. I and II
- B. I and III
- C. III and IV
- D. I, II and III

- ii. Based on your reading of the text, examine in about 40 words the study recommendations for tourism planners in the North-Eastern states of India.

2

- iii. Hindi speaking population in Arunachal Pradesh is :

1

- A. lowest among the north-eastern and southern states.
- B. higher than other north-eastern states.
- C. lowest among the north-eastern states.
- D. higher than other north-eastern and southern states.

- iv. Which state has a lower share of Hindi speaking people than any other state? 1
 A. Gujarat
 B. Tamil Nadu
 C. Kerela
 D. West Bengal
- v. Find a word from Paragraph 2 which means same as *acquired*: 1
- vi. State whether the following statement is **TRUE or FALSE**: 1
 Over 96% of population in Southern India speaks Hindi as their first language of communication.
- vii. According to 2011 census data, which parts of India have not adopted Hindi as a secondary language? 2
- viii. Complete the following analogy correctly with a word from paragraph 1:
 psychology: human mind :: linguistics: _____ 1

SECTION B –GRAMMAR & WRITING SKILLS GRAMMAR

20 MARKS

III. Attempt ANY TEN out of the **TWELVE questions given below.**

1x10=10

- i. Fill in the blank by choosing the correct option to complete the sentence.

The director had come out of the office before I_____.

- A. arrived
 B. arrive
 C. was arrived
 D. had arriving

- ii. Read the conversation between a father and his son. Complete the sentence by reporting the son's reply correctly.

Father: Did you complete your project?
